

# Again

Porter Wagoner

We've been through hell again  
Now we're back in heaven again  
We've been through all of this again and again  
But all is forgiven again

Again I've hurt you again (again)  
And again I forgive you again (again)  
I promise to love you forever again  
Again again

Again we feel the closeness of our love (again)  
Wrapped up in the arms of our love (again)  
It feels so good to feel so close again  
Again again

We'll go through hell again  
'Til we're back in heaven again  
We've been through all of this again and again  
But all is forgiven again, again
