

He's a Go Getter

Porter Wagoner

He's a go-getter, go-getter
When his wife gets off from work, well, he'll go get her

Now I've got a neighbor that lives down the road away
His wife holds down a steady job he don't turn his hand all day
I know that most of you will know the kind I'm talkin' about
The kind that rather than have to work he'd rather do without

But he's a go-getter, go-getter
When his wife gets off from work, well, he'll go get her

There's a group of men in the courthouse yard anytime that you
go by
A playin' checkers and tradin' knives and makin' jokes about th
eir wives
Well, they'll wait all week for payday and hope that money's pl
enty
But the wife that worked those long hard hours never gets a pen
ny

But he's a go-getter, go-getter
When his wife gets off from work, well, he'll go get her
When his wife gets off from work, well, he'll go get her
