

# If I Could Only Start Over

Porter Wagoner

Now if I could only start over and have a new life to begin  
Oh, I wouldn't live like a rover and drift like a leaf in the wind

'Cause I'm dreaming tonight of old sweethearts  
And believe me I've had quite a few  
But I never dreamed of old sweethearts  
The way that I dream about you

Yes, I let you slip through my fingers while foolishly searching around  
But if I could only start over I know you could settle me down

'Cause I'm dreaming tonight of old sweethearts  
And believe me I've had quite a few  
But I never dreamed of old sweethearts  
The way that I dream about you  
But I never dreamed of old sweethearts  
The way that I dream about you
