

# Sleep

Porter Wagoner

Sleep sweet and deep visit me for awhile  
Sleep come over me let me rest and dream awhile  
Of two young lovers making plans of dreams I dreamed when dream  
s began  
Of things that could and should have been before the eternal sa  
dness moved in

Sleep take over me set me free to dream awhile  
Of sunlight shining in her hair of days with laughter in the ai  
r  
Of my world of sweetness again before the eternal sadness moved  
in  
Sleep sweet and deep let me rest and dream awhile let me rest a  
nd dream awhile
