Try Me One More Time

Porter Wagoner

Take me back, try me one more time

Yes, I know I've been untrue and I've hurt you through and thro
ugh
But please have a mercy on this heart of mine take me back, try
 me one more time
If my darling you could see just what your leavin's done to me
You'd know that love is still the tie that binds take me back,
try me one more time

In my dreams I see your face it seems there's someone in my pla
ce
But does he knows that you were once just mine take me back, tr
y me one more time
If you'll just forgive me now I'll make it up to you somehow
I'll promise never again to be unkind take me back, try me one
more time
