

Holy Roller

Portugal. The Man

Another day in the sunshine
Another day in the clouds
Yesterday hit the fork in the road
And that road only leads me home

Another day feeling crazy
I try my best to keep my feet on the ground
I'm always running around and around and around...

You gotta divide it if you wanna find it
If I can add it you can subtract it

I'm not your holy roller, Hallelujah
I'm not your holy roller, Hallelujah
