

Monster 2

Portugal. The Man

Come on doctor
I've got a message for
All the people who
Thought you saw me later
Plus you're lyin' never felt before

Knives speak, knives speak
Nice words

Come on doctor
I've got a message for
All the people who
Thought you saw me later
Plus you're lyin' never felt before

Knives speak nice words

Our shiny cover run
Addiction is such
Our shiny cover run
Addiction is such
Our shiny cover run
Addiction is such
Our shiny cover run
Addiction is...

Come on doctor
I've got a message for
All the people who
Thought you saw me later
Plus you're lyin' never felt before

Knives speak nice words

Come on doctor
I've got a message for
All the people who
Thought you saw me later
Plus you're lyin' never felt before

Knives speak nice words
Sweet, sweet

Our shiny cover run
Addiction is such (x20)

(Addiction is such)
(Our shiny cover run)
(Addiction is such)

Monster. Throw again
Mix this inhaled vacuum
Exhale
Lips like lightning stutter and stir
Wasting time
Placing air balloons between our toes
Exhale (Exhale)

Exhale (Exhale)
Exhale (Exhale)
Exhale (Exhale)
Exhale (Exhale)
Exhale (Exhale)

Then we will know (Exhale)
Just what it is (Exhale)
And what it will be (Exhale)
Then we will know (Exhale)
Just what it is (Exhale)
And what it will be (Exhale)
Then we will know (Exhale)
Just what it is (Exhale)
And what it will be (Exhale)
Then we will know (Exhale)
Just what it is (Exhale)
And what it will be (Exhale)
Then we will know
Just what it is
And what it will be
Then we will know
