

New Shit

Portugal. The Man

[Intro]

Palms are fitted black and they're tuned
To triggers that are likely the cause of
And do you recall just what we said
(And do you recall just what they said)
They made you swear by

We won't come down...

[Chorus]

Rally all your men there is work to be done
And we don't have the time for speaking out of place
He won't come down
(He won't come down)
He won't come down
(He won't come down)

Palms are fitted black and they're tuned
To triggers that are likely the cause of
Do you recall just what we said
(And do you recall just what they said)
Do you recall just what they said
(And do you recall just what they said)

Rally all your men there is work to be done
And we don't have the time for speaking out of place
He won't come down
(He won't come down)
He won't come down
(He won't come down)

He won't come down
(He won't come down)
He won't come down
(He won't come down)

[Bridge]

Oh lord, we missed the sparrow's mark
Oh lord, we missed the sparrow's mark
Oh lord, we missed the sparrow's mark
When he fell he spoke these words...

[Verse 3]

Though the breath will bite like steel
Roar and flow about [?]
I found the way out
But if I told you, you'd be down
And I hate to get you down when you're up so high

[Outro]

Come down
Come down
(Rally all your men, there is work to be down)
Come down
(And we don't have the time, for speaking out of place)
Come down
(Rally all your men, there is work to be down)

Come down

(And we don't have the time, for speaking out of place)

Come down
