

Brother

Post Malone

We the best music

I'll take your side whether you're wrong or right
Be there for you through your darkest times
I know that life was hard but we turned out alright
I'll be by your side, do or die
Another one
For my brother
DJ Khaled

Brother, brother, brother
I know that
And I'll ride for my
Brother, brother (Hmm)
I'll be by your side, do or die
For my-

If you hear that, I won't leave
Got your back through anything
You bleedin', then I bleed
We gon' find us a way for to get something to eat
To the man in the suit and I come from the streets
From the start, you was always supporting your brother
Hunnid on hunnids, you know that I love you
Forever I got you, we straight from the gutter
Whenever you do get a chance, send my love to your mother
Tell her I'm staying out of trouble
I'm traveling the world, my kids, my girl
They went through the years, we grew with each other
You need me, just hit me forever
You gon' be my fire, forever your stepper
Whenever it's time, I'm standing right there on your side
I'm ready, I'm talkin' wherever

I'll take your side whether you're wrong or right
Be there for you through your darkest times
I know that life was hard but we turned out alright
I'll be by your side, do or die
For my brother

I'm sending money whenever you're locked in the pen
I got your mommy, your sister, your brother, and all your kids
Step on the gas, better show 'em I'm special
You know you're the brother, I hit it again
Moving too fast, I was falling down on my fate once again
With you, I'm sharing this money in diamonds 'cause you my friend
I said a prayer for you today
Don't worry about me, I'm all in
I'm driving that Lamb' like I ain't okay
Same one we played with when we was kids
I done gave it to God, now I'm ready to do it
All I want is a win (All I want is a win)
I'll be gone in a wind, but whenever you call me, I'm coming again

'Cause I'll take your side whether you're wrong or right
Be there for you through your darkest times
I know that life was hard but we turned out alright

I'll be by your side, do or die
For my brother

Brother, brother, brother
I know that
And I'll ride for my
Brother, brother (Hmm)
I'll be by your side, do or die (Yeah)
For my-

He is more than a friend
He's my brother
Brother, brother, brother
Always together, never apart
And I'll ride for my
Brother, brother (Hmm)
I'll be by your side, do or die
For my-
