

## Git Wit U

Post Malone

Shake, shake, shake, shake, shake  
Shake, shake, shake, shake, shake

Said I wanna get with you, (I wanna get with you)  
Lil mama bust a move, (lil mama bust a move)  
Said I wanna get with you, (I wanna get with you)

All these jewels, I'm just flossin'  
Plainly on my boss shit  
Bad bitch on my carpet  
All white, I'm so on God shit  
Hundred miles get caught shit  
Off a pill, feel nauseous  
Ain't babysittin' these bitches  
I ain't Kevin Costner  
No sayin' got her brain lit  
Wanna fuck? I'm almost famous  
She blow this thing, get faded  
Lil mama say that I'm jaded  
Maybe you saw that I'm payed up  
Your man, he keep you so caged up  
I won't tell who you stay with  
That's on everyone that I came with

You know after we done I gotta roll  
You know after we done I gotta go

Said I wanna get with you, (I wanna get with you)  
Lil mama bust a move, (lil mama bust a move)  
Said I wanna get with you, (I wanna get with you)

I'm the fuckin' man  
Jumpin' out the Benz  
Every time you see  
I post these hundreds in my pants  
I'll do what he can't  
Just wanna see you dance  
Do something with that ass  
Girl put something in my hands  
Shake, shake, shake, shake, shake  
Don't be shy girl it's okay  
Reload, fade, fade, fade, fade, fade  
How much did you pay, pay, pay?  
I'ma let you in my chain  
Just might let you sip this 'pagne  
Every single night the same  
Lemme hear you say my name

Said I wanna get with you, (I wanna get with you)  
Lil mama bust a move, (lil mama bust a move)  
Said I wanna get with you, (I wanna get with you)
