

Paranoid

Post Malone

Never know when someone comes and tries to take my life
I've been sleepin' with the .45 like every night
In the whip I pray to God I don't see flashin' lights
God damn, they right behind me
And I wake up everyday
I wake up every day
With this anxiety
And they know where I stay
Got "Malone" on my plates
And they followin' me
Two hundred bands under the floor of the kitchen
A little more up in the walls and the ceilin'
Even family and friends started switchin'
Ever since I got that check, seen 'em itchin'

Eyes open, I see you, I'm watchin' you, yeah
More people wanna be, you don't trust no one

Tell me why I can get no relief
Wonderin' when they'll come for me
A paranoid man makes paranoid plans
I'll do what I can, but it's out of my hands
Strugglin' just to find my peace

Sometimes feel like I got no friends
Can't trust a soul, like I'm Snowden
Right by the bed, keep it loaded
Lord have mercy if they broke in
I don't ever sleep, yeah, I'm wide awake
If you try to pull up to my place
Beam is gonna hit you a mile away
I promise, one of us gonna die today
Helicopters in the sky
No, he can't escape the eyes
Politicians and the lies
Tell me, what's the point in pickin' sides?

Tell me why I can get no relief (I can't get no sleep)
Wonderin' when they'll come for me
A paranoid man makes paranoid plans
I'll do what I can, but it's out of my hands
Strugglin' just to find my peace

Ayy, mind is runnin' all day
Cost me more than money and I'm payin' the price, yeah
I ain't goin' nowhere
Killin' myself so I can make me a life, yeah
Minute after minute, never had a limit
Woke up every mornin', knew that I just had to get it
Windows always tinted, you ain't lookin' in it
Either way, I know they'll come for me again

Tell me why I can get no relief (I can't get no sleep)
Wonderin' when they'll come for me
A paranoid man makes paranoid plans
I'll do what I can, but it's out of my hands
Strugglin' just to find my peace
