

Bobby

Potter Payper

Bitch I think I'm Rico
It's Franky baby, check my steelo
Franky, that's my alter-ego
I've got Bobby Valentino
I've got Bobby Valentino
I've got Bobby Valentino

Bitch I think I'm Rico

I live life by this G-code
Bitch I think I'm Rico
Them fifteen birds, that's me bro
Proper raw, it's me bro
Snow like it's Mexico
Boil it like some Migos
Jumper, that's Moschino
And these True Religion jeans
I've got ten-ten
Got my kitties feeling Ben 10
I've got pictures I can send them
Proper power like some X-Men
I've got Bobby like I'm Shmurda
About a brick up in this sherbet
Phone my phone, you're getting service
Careful, my youngers looking earners
That's probably why they're moving nervous
We're some wavy silver surfers
Fuck them man there, they just scratch the surface
My Bobby Asian or it's Turkish
I've got all this Bobby like I'm Shmurda
About a brick up in this sherbet
Phone my phone, you're getting service
Careful, my youngers looking earners
That's probably why they're moving nervous

Bitch I think I'm Rico
It's Franky baby, check my steelo
Franky, that's my alter-ego
