Yeah, yeah, yeah
Treat me like fire, put you on smoke
I be at my Bible, I'm in my zone
Keep it real with me before you go
I got secrets I could never show
Hold my loyalty forever, oh
I get high when I'm feelin' low
See it in my eye, look me in my soul
Yeah

She ain't have no goals, I could hear her dream
I've been fishin', only vision was to get the cream
Got team, we had to build like the Medellin
I remember all the pain to the late 'eve
Kept them mean and up to speed since the early days
Had to fall, hit a wall, took it as a lesson
Know the feelin', got this paper, didn't got time to bless us
Sorrow feelin', felt the hate, took it as message
You ain't got no hands, you ain't poppin' me
Watch them keep the faith, that's why I'm rockin' with 'em
Went from splittin' places, splittin' coppers with 'em
All this common sense ain't so common nigga
We so calculated, you don't want no problem with us
I found balance in the rain when the summer's hittin'
I grew up with the robbers and I trusted killers
Tell you stories 'bout the streets, they was fosterin' us

Yeah, treat me like fire, put you on smoke
I be at my Bible, I'm in my zone
Keep it real with me before you go
I got secrets I could never show
Hold my loyalty forever, oh
I get high when I'm feelin' low
See it in my eye, look me in my soul
Yeah

Look me in my eye, see me in my soul (See me in my soul)
Pain in my rhymes, I gotta I let it go (Still)
When I see 'em take the stand, you look pitiful
I'm a rapper but they label me a criminal
And I'm in ya stereo, stereotypical (Typical)
Now I'm tryna get paid off residuals (Off residuals)
20/20 vision, I'm directin' the visuals (Yeah, woah, woah)
Shit
So tell me, is it so unreasonable?
For me to eat, I promise that I'll feed you all
See, I cook crack goin' regional (Quick)
And gloves on in the winter, I ain't seasonal
And when you keep catchin' cases you can't beat them all
And then you find out that your peoples unreliable (Unreliable)
Sometimes it's hard not to take it personal
But I still respond to a bird call

Yeah, treat me like fire, put you on smoke
I be at my Bible, I'm in my zone
Keep it real with me before you go
I got secrets I could never show

Hold my loyalty forever, oh
I get high when I'm feelin' low
