

# I Just Need

Potter Payper

I just want a girl that I can't call a ho  
A girl I would never cheat on, a mate for my soul (Real)  
And she will let me sleep and never go through my phone  
Cah she don't think I'm sly, just Sylvester Stallone  
She a geek in the streets but a freak on the low (Huh)  
A girl just for me, just for me to behold  
See I don't want no Snapchat reality show  
Humble as my abode, turn my house to a home  
See I want a girl who will never leave me alone (Uh-uh)  
And when I walk through the door she just squeeze me ya know (Yeah)  
See I know about the game and all the dreams you've been sold  
And she in love with the pain, it comes easy you know  
But I don't want a girl who ain't got no drive (Huh)  
On the back seat just along for the ride (How?)  
I just want a muse, someone who gets me inspired  
Fucks me all night, a girl that never gets tired (For sure)  
I just want a girl who appreciates my time  
Not no gold digger, not no hurry up and buy  
Carin' and kind, such a rare thing to find  
I said carin' and kind, such a rare thing to find

But I don't want a girl who just wanna argue (Uh-uh)  
Tryna tell a man what I can and can't do (You're mad)  
I don't wanna take my phone to the bathroom (Uh-uh)  
Some Kevin Hart ting hidin' in my car boot seat  
I just want to fall in love but it's hard to (Shit)  
Without twenty-one things I gotta ask you  
I said I just want to fall in love but it's hard too  
Without things I gotta ask you

I just want to fall in love but it's hard too (Hard)  
Without twenty-one things I gotta ask you (Real)  
I said I just want to fall in love but it's hard too (Hard)  
Without these twenty-one things I gotta ask you  
Look, I just want a strong one in a maxi (Strong)  
I don't want a girl tryna tit for tat me  
And when we argue, she just gonna chat me (Are you dumb?)  
On Instagram all tryna at me  
I don't want a girl that's gonna diss my family (Uh)  
I want a soulmate, someone who understands me (Real tings)  
I want a girl who I forever fancy (Babes)  
And we can order in or go somewhere fancy  
But I don't want a girl who can't make me a food  
I just want the lamb chops, rice with the stew  
I don't want a girl always actin' brand new (Who?)  
But then again I don't want no deja vu  
See I don't want a girl who's ashamed of her past  
'Cause everybody's got one, I'm just tryna be your last (Yeah)  
I don't want no call feds girl, the little grass  
I don't want no money hungry girl, no little brass  
I just want head and a big zoot to rass (To rass)  
But they're movin' too fast (Fast)
