

Yo it's T, I'm with P, licking off to John and Ste
Came up in my Berghaus, hitting hella burglary
Yo it's T, I'm with P, got the link for the TP
Where you want it? I can get it, you know you can call on me

Nike Techs and Pateks

I'm too much of a G to ever think about my ex
I just hit my new one, "Where we going next?"
I came up in a bando, cooking flake in my vest
Shit, it's hot in here, I might just cook it bare chest
Most of them are pussy and I tell them bare face
Boarded in a spaceship, I'm moving like Tate
But I'm getting bait, I think I need a clean slate

North Face and Day-Dates, that's some up north swag
I've been busy chasing chickens, strictly running to the bag
Freestyle, off the dome, buss case, cut off my tag
I just fuck her in the face, roll a joint and call a cab
Put her in her place and grabbed her by her neck, she called me
Dad
Her man seen her in my vid and now his face is looking sad
Detectives got me in the station, interviewing like it's Vlad
I just stay silent, not even "No comment", are you mad?

£100K in a vac pack
At a video shoot, two sprayers in my backpack
Bitch, don't put me on your Snapchat
I'm too famous so I gotta stay dangerous
Fuck with me, you'll be getting suits tailored
I'll fuck your baby mum and buy your yute trainers
They want me down the block, just getting newspapers
I'm too certified, I'm owed a few favours

Yo it's T, I'm with P, licking off to John and Ste
Came up in my Berghaus, hitting hella burglary
Yo it's T, I'm with P, got the link for the TP
