

Sorry

Potter Payper

First, let me apologise for my absence
When you're rapping what you're living, it's what happens
Cah I live it real life, no reenactments
That's three years laying on that blue mattress
Courtesy of Operation Raptors
I gamble with my freedom, not at Aspers
Got me feeling like I've re-read all these chapters
I'm getting old now, feel like I'm going backwards
And nowadays my block's like Damascus
My life's a movie, no 'lights, camera, action!'
Girls tell me I'm the realest and I'm handsome
I know Delilah wanna do me like I'm Samson
So I gave my heart to this Samson
Welcome to Barking and Dagenham
Round here shit's colder than Alaskans
So I've got a nina with attachments
Leave a shell in your back like Sebastian's
