Pouya

You must be tired, baby, 'cause you've been runnin' through my mind
I can't keep quiet, baby, 'cause I've been burnin' deep inside
I'm runnin' out of time, maybe you can feel my void
If not, keep tryin', baby, and never leave me alone

I just wanna go ninety-
five, I don't wanna have a 9-to-5 (I don't wanna have a 9-to-5)
I don't wanna hit the Hi's and Bye's, I really want a ride or die (I really want a ride or die)
I need you by my side, baby, you keep me alive (You keep me alive)
Never thought you would be so divine but you caught me by surprise (But you caught me by surprise)

From the day that I met you, I knew I was never gonna let you go
Goin' crazy in my bedroom, thinkin' about what we could've been
The world we livin' in got me sick to my stomach
I'm comin' to an intersection in my life
Twenty-four, confused and bruised from my past
I really need somebody to bring me back

You must be tired, baby, 'cause you've been runnin' through my mind
I can't keep quiet, baby, 'cause I've been burnin' deep inside
I'm runnin' out of time, maybe you can feel my void
If not, keep tryin', baby, and never leave me alone

I just wanna go ninety-

I need you by my side, baby, you keep me alive (You keep me alive)
Never thought you would be so divine but you caught me by surprise (But you caught me by surprise)

I knew you'd be the one I would be after
[?] me and make me act up
Thought you was real but you was an actor
Don't know what you after, the money or the laughter
Fuck with a real one, 'cause I don't see none
I see fuckboys and I can never be one
Baby Bone, gotta keep it real until my last meal
Can't be still poppin' pills like an addict

You must be tired, baby, 'cause you've been runnin' through my mind
I can't keep quiet, baby, 'cause I've been burnin' deep inside
I'm runnin' out of time, maybe you can feel my void
If not, keep tryin', baby, and never leave me alone
