

## Buck Shot

Pouya

What the fuck they talkin' bout  
Pull up time to stalk it out  
See em' in the parkin' lot  
They don't want no problems now  
Baby boy never be slackin' ho  
Got a couple women chillin' with me in the studio  
It ain't no thang  
I ain't go trippin'  
No money no pussy no fame  
Why is you worried about me? (Bitch)  
You should really think about your family  
Got a couple of homies  
That owe me some favors  
And all of them savages  
They work for me  
They'll murk for me  
Dig that dirt for me  
Emergency  
I'm certainly  
Killin' these rappers purposely  
No I'm not that lyrical  
But I know you feel it ho  
This that music  
You can bop your head right to it  
And get buck in the place  
I crack open your face  
If you talkin' sideways  
Baby boy do not play  
With no fuck boy that thinkin' they tough  
Too many hoes yellin' out get buck  
Pussy boy talkin' about my skin tone  
"Never knew you could rap like that"  
"How you switch up the flow like that?"  
"Were you rapping so fast cause the hoes like that?"  
And if you my homie I got yo' back  
That's word to my momma  
Gotta go get me some commas  
And I know you wanna  
Get involved with us  
Ball with us  
Hang with us  
But where was you?  
You never starved with us  
You crazy  
Thinkin' you coming up with us  
Undefeated like my name hot spitta  
Buck shot send him to the hospital  
She wanna jump in my limelight  
Hell nah bitch what do I look like?  
Old news gon' turn into a new fight  
And we still gon' fuck in the moonlight  
Got that bitch stuck cause the dick right  
Don't fall in love  
I'm a piece of shit  
Finna' leave yo' ass for another bitch  
You can't trust a hustler  
Should've known that bitch

I remember when these hoes  
Never wanna show me love  
Now I see em' at my shows  
With they friends  
Gettin' drunk  
Having fun  
Tryna fuck with the squad  
Buck shot spray  
Lay his ass in the plot
