Pouya

I need me a purebred well-fed white woman  
With a low IQ, know I do  
So I choose to do what I want  
She want me hurtin' the stomach just like the Taco Bell do  
She be texting my phone talking about "it's long overdue"  
Told her "I just wanna be inside your throat like the flu"  
Give me about a week or two  
I'll weaken you just by the way that I speak to you  
Not to mention that Smith and Wesson keep 'em steppin'  
Second guessin' if they should fuck with me  
Man my life is so lovely  
I only been alive a dub  
Still never pulled up to any club  
I'm gettin' money while I beat my dick  
Thank you satan for the internet  
Never had a manager but I'm a man of my word  
Young Mac Cadillac swerve by the curb

Never sold purp but I'm fresh outta work  
Minimum wage, I don't rest on a Saturday  
Fresh out the pussy and fresh out the dirt  
Life is a movie, I'm fresh out the matinee  
Tell the whole office accept what I'm worth  
Tell my old bosses I left cause I had to play  
Bitch I'm a faxer, aye  
And bitches are after me  
They chase me so that's where I leave them behind me  
They gotta be faster, chasing this bastard  
Bitch I don't ask for dates  
Bitch I don't ask for bae  
I tell you do give it or gift it  
You bet it I'm sure like a cast away

Bitches fuckin' up  
Bitches fuckin' turnt  
You just fuckin' jock  
This really my life  
Can't believe I survived  
Glad I'm still alive  
Fuck a 9 to 5, I do what I want, end of discussion  
Nothin' beats breaking bread with the people I came up with  
I'm 'bout my bread like Panera  
Bitch I'm a pun like intendance  
Get the bigger picture, whole panorama  
Them dudes you ain't heard of, them big dogs you scared of  
Swear on my life there's no [?]  
I'll turn your crib in to Amsterdam  
My bitches, they'll make you say "Dammit man"  
Your bitches, they look like the Hamster Clan  
Jump out the gym like Lance Stephenson  
Beating these kids like I'm Adrian Peterson  
Pussy boy get out your feelings  
You know you a clown, kill yourself, Robin Williams  
Talking shit, I could give a fuck about a bitch  
Mad at them shows, take it all out on me  
When you want some real shit, shit you could count on me
