

# Daddy Issues

Pouya

Sometimes I can't fuck with your bitching  
Wanna buy you a flight  
Send yo ass back to yo daddy house  
So you can think twice  
But then I switch up my emotions  
Rather be with you than forgotten  
I can't have this crib to myself  
Without you I get too cautious  
Now I'm back to being alone  
Thinking about who you fucking with  
Never wanted to catch no feelings  
Not too good with apologies  
I was used to being a lone wolf  
Rolling with a few homies  
Who had my back and wanted the best for me  
Now I see clearly it ain't enough for me

She a nympho, I wanna fuck  
Baby, let me get your info  
Let me know what you wanna get yourself into  
Yeah I know that you got some daddy issues  
She a nympho, I wanna fuck  
Baby, let me get your info  
Let me know what you wanna get yourself into  
Yeah I know that you got some daddy issues

Pull up in a chevy  
Now I'm ready to go  
I got my nina by my side  
You know she ready to blow  
From side to side we got it jumping  
Every function we go  
I can't pay no mind to no hoe  
That put a lump in my throat  
5'5 take a lot to get a rise from me  
Bending corners in my coupe  
I know they eyeing me  
Baby girl you know I love it  
When you lie to me  
Dead inside, feel alive  
When you lie with me

She a nympho, I wanna fuck  
Baby, let me get your info  
Let me know what you wanna get yourself into  
Yeah I know that you got some daddy issues  
She a nympho, I wanna fuck  
Baby, let me get your info  
Let me know what you wanna get yourself into  
Yeah I know that you got some daddy issues
