

# FORGET ABOUT EVERYTHING

Pouya

Forget about everything, I won't lie I been feeling your vi-ibe  
Forget about everything, jump in my ride just don't get to hi-igh  
Forget about everything, I won't lie I been feeling your vi-ibe  
Forget about everything, jump in my ride just don't get to hi-igh

Suffering and pain  
Pop this pill then I fade away  
My daddy was drunk when I was born  
Broke out of my cage and I hold that weight  
On my shoulders, on my mind  
So paranoid, gotta hold that nine  
You know I could never let it get by  
Run up a check every time that I ride  
Went from [?]  
Always asleep in the Tahoe's  
Pointing a gun at my rivals  
Five-five and duckin the five-oh  
I know I gotta get ready to [?]  
Driving high so full of that reefer  
Baby bone pulling out them heaters, my  
Ego so massive, yeah I'm a big ol' diva  
Forget your bitch, she in my backseat sucking me up  
I'm living this life like I'm a legend  
Porsche 911s  
Swerving through the 305  
Like Ruby running through the seven  
Florida boy that's in my blood you know that's mud I walk through  
I got hollow tips for hollow threats I'm pointed at your neck  
Pouya the man  
I neglect the label reps  
Oh no, won't sell my soul, fuck the chat  
Done with it all, I'm ready to jet

Ooh-oh, ooh-oh  
Ooh-oh, ooh-oh

Jump in my ride just don't get too hi-igh  
Forget about everything, I won't lie I been feeling your vi-ibe  
Forget about everything, jump in my ride just don't get too hi-igh

What about the weight of the world on my shoulders?  
(Forget about everything)  
What about these ho's, what about these cars?  
What about them gold and platinum plaques and living like a star?  
(Forget about everything)  
What about everything that I've done so far strip me right down to my boots  
and take it all I pop this pill I want it  
(Forget about everything)  
What about the state of the world and the culture [?]  
(Forget about everything)

Forget  
Forget about everything  
Forget  
Forget about everything  
Forget  
Forget about everything

Forget  
Forget about everything  
Forget  
Forget about everything  
Forget  
Forget about everything (Forget about everything)  
Forget  
Forget about everything  
Forget  
Forget about everything (Forget about everything)  
Forget  
Forget about everything  
Forget  
Forget about everything (Forget about everything)  
Forget  
I won't lie I been feeling your vi-Ibe  
Forget  
Forget about everything (Forget about everything)  
Jump in my ride just don't get to hi-igh
