

HEADCRAK

Pouya

(MTM, hit 'em with the heat)
Yeah, bitch, haha

Homegrown Florida boy, you know I keep chrome
I'm loving the indoors, come out when the sun low
Wanna stay young, but I welcome the old age
I married my old ways, I'm moving across state
Homegrown Florida boy, you know I keep chrome
I'm loving the indoors, come out when the sun low
Wanna stay young, but I welcome the old age
I married my old ways, I'm moving across state

Who the fuck want war with a down South general?
Five-star meals, six clips by the vegetables
Rolling Loud set, break a mic, pay the damages
Had to break a sweat, call up Cara for the packages
My mind's getting ill, types of fucked up
Can't unwind, so I bought a big Benz truck
Heard his album flopped, but I still see him bluff

Homegrown Florida boy, you know I keep chrome
I'm loving the indoors, come out when the sun low
Wanna stay young, but I welcome the old age
I married my old ways, I'm moving across state
Homegrown Florida boy, you know I keep chrome
I'm loving the indoors, come out when the sun low
Wanna stay young, but I welcome the old age
I married my old ways, I'm moving across state

Four, five, six, that's a head crack
See me bending corners, doing donuts in the Hellcat
One, two, three, now your time's up
You roll the dice, you pay the price with your life, yuh
Four, five, six, that's a head crack
See me bending corners, doing donuts in the Hellcat
One, two, three, now your time's up
You roll the dice, you pay the price with your life, yuh
