

Where the day go?  
Ayy ayy, ayy ayy ayy  
Willy Snow on the beat bitch  
Ayy, ayy, ayy  
Chasing the rainbow  
Ayy, ayy, ayy  
It's hot like volcano  
Ayy, ayy, ayy

Bitch I'm so high, where the day go? (Day go)  
My 'migos online for the pesos  
Feds watch the spot, so we lay low  
Walk in my kitchen, it's hot like volcano, ayy  
I put your boss on a payroll  
Chopper no game how that leave you a halo, ayy  
I poured a 4 in a Faygo  
Diamonds like Skittles, we chasing the rainbow

Rollin 'til the morning  
I pour until the morning  
Box Chevy on a 30 motherfucker foreign  
Its a pineapple soda, but I turn it into orange  
Swear I wanna count that money till that motherfucker boring  
Running drum drumming like my chopper on the beat  
Wanna beef with me, then my chopper finna feast  
It ain't really shit, air it out, let it eat  
Got a cool 25 sittin' somewhere in my reach  
Keep the 50's in the bag, 100's in the wall  
Rest in peace cousin Todd  
He just wanna see me ball  
All your diamonds look like they was getting in a brawl  
If you need some money then you know who you should call

I'm ready for whatever  
Got a .45 in my sweater  
But the trigger hella happy, so I keep two fingers steady  
I'm too famous, I can't pull up to no ghetty  
Hoes wanna fuck, foes wanna turn my brain into spaghetti, yeah  
I just wanna stack my pesos  
Boobie in the cut with a double cup of the Faygo  
I don't want no friendship, rather lay low with my day ones  
RIP to Peep I guess I'll see you when the day comes

The sun goes down, and my highs get low  
Eyes wide shut, whenever I get dome  
Hoes wanna know what I've been up too  
Telling me to dick and dive cause I can never trust you
