Pouya

Do this shit Right now (Right now)
Do this shit Right now (Right now)
Ain't got now time for games
So I'm a do this shit Right now (Right now)

Don't sleep on me hoe
You know that's how it go
I came up in the game
Its time to do my thang if you ain't with me then you lame
So get up out my lane I want the money not the fame
No pussy only brain I'm just hanging like a chain
Time to give the pussy pain
Fuck yo hoe, confidence gang
Swallow my nut without no shame
305 these hoes insane
We already knew that
Yeah you know I do that
Meet me at the taco bell like where the fucking food at
I need that shit right (right now)
Need that shit right now (right now)
Why are you still talking put my dick inside yo mouth
Bitch I'm from the south
Yeah you know I'm proud
I say that shit real loud
Don't sleep on me hoe yeah I know that you love my flow
Everybody know I don't give a fuck no more bitch I said
Don't sleep on me hoe Yeah I know that you love my flow
Everybody know I don't give a fuck no more bitch

Do this shit Right now (Right now)

Ain't got now time for games
So I'm a do this shit Right now (Right now)

Six

My dick mentioned overseas
Big trouble little china
And if she don't like me
Then that bitch like vagina
I tracking down the money like a doberman pinscher black and brown
I got some head at graduation in my cap and gown
I'm fucked up off the hippie drug
Drinkin demon blood out a sippy cup
All I see is waterfalls out my window pane when I'm getting up
First thing in the morning
I'm living good like a guy should
My bitch ass like a basketball so bounce that shit on my hard wood
[?] man if I see yo ass I'm a walk like shit is all good
Shake yo hand and then break yo hand and then drop you off in the wrong hood
You just stole from the wrong one fucking only mixed bitches all month
[?] six you a toilet piss I'm a oil spill in the ocean
So bow down and show some devotion she throat like she toothless you know wh
at I do bitch
So bow down and show some devotion she throat like she toothless she knows t
hat I do's this
