Thirties make them bodies twitch  
Smoking dope I'm taking lift [?]  
Pouring Tech let's say  
Let's get these xan's  
McMiles whole body itching  
Flipping up a dumb bitch  
Raking down a fake script  
Pussy bone where the mat? [?]  
Leave them in a grave ditch  
Juggin' all day  
At night got to trap shit  
Cruising down the block fuck  
Twelve on my death wish  
If you tweet @Gyllen [?]  
Then his ass got to go  
Them poles gotta duck [?]  
Don't think slow  
Get smoked out  
Bitch whit it give her dick then she choke  
Out cock when the top  
Red beams at his throat

Screaming about to kick dough  
If a goofy run up on me  
He'll be lighting this pump  
Treat him like a grill  
Burn his ass like some coal  
I don't even throw hands cause my partner throw smoke  
Rolling up, bitch I'm smoking up (fuck fuck)  
Fuck your mouth, don't you dare throw up  
Bagel Nick got me camo-ed up  
Jugging out makes my pistol tucked  
Wilding out let him thump his butt  
Twelve out, then thump his trunk  
You fighting one? go and tighten up  
My squad popping them pistols up

Something in the air tonight  
Got me feeling creative (yuh)

Put them drugs in her drink until she sedated (bitch)  
I'll put your ass on a map like blue clues  
I could take your ass out any day (fuck)  
Wait for it  
Will you pay for it?  
Or will you download it?  
And tell me that you're about it  
Bitch you ain't about it  
Talking about your life please tell me more about it (you ain't bout it)  
(Yuh)
