

# Suicidal Thoughts In The Back Of The Cadillac

Pouya

How could you tell me in not the one  
Fuck that bust back put the bible down  
Devil in my soul  
Mind running around  
Might blast on yo' ass  
Get down when I say so  
Go around the corner pick me up when I'm done  
3 blocks I'm a run open the door and I ride  
Say bye to your guy  
Hands rise to the sky  
If you feel me

You think rollin' with a piece  
Gon get you your peace back  
You fucking these hoes but they fucking you back  
Every time you turn your back  
Suicidal thoughts in the back of the Cadillac  
Suicidal thoughts in the back of the Cadillac  
You think rollin' with a piece  
Gon get you your peace back  
You fucking these hoes but they fucking you back  
Every time you turn your back  
Suicidal thoughts in the back of the Cadillac  
Suicidal thoughts in the back of the Cadillac

I'm wired with desire  
Throw the water in the fire  
Engulfed with hoes, clothes, money, foes  
But it all goes, eventually  
I'll pack a nine and a simile  
For the fake smiles and my eyes  
Yeah they took my eye  
So I took they eye  
Now we all blind to the truth  
Clap on yo wack ass  
And its back to the booth

You think rollin' with a piece  
Gon get you your peace back  
You fucking these hoes but they fucking you back  
Every time you turn your back  
Suicidal thoughts in the back of the Cadillac

Don't be a bitch I want to watch you do it  
Don't stop cock it back, and pop the bullet  
Glock big enough to blow off the mullet  
Joe dirt when it hits your brain  
It won't hurt no mo  
Just know when I go  
Play Chop Suey at my funeral

Don't cry just vibe with my dead body  
This is what I wanted  
Hope I don't regret it  
This is what you wanted lil bitch

You think rollin' with a piece  
Gon get you your peace back  
You fucking these hoes but they fucking you back  
Every time you turn your back
