

# Suit

Pouya

I need a suit, man

Entrepreneur, man, I started with two hundred  
Give it all to Chubs, now I'm up to six-fifty  
Spend it all on nothin' just to get a little somethin'  
My dream is to wear a suit just to feel supreme  
Go to Burger King with it on  
Just knowin' I just made a hundred thousand for my mom and dad  
I ain't broke but I can't afford an iPad  
Hate on me 'cause I'm on my fuckin' job  
Tryna rob me like a mob 'cause I got talent  
Gotta keep the bitches and the haters all in balance  
Haven't made a dime off this fuckin' shit  
Yet I'm still climbin' up, why you sittin' on a bench?

Put my swag in a bag and throw it in the river  
Put my swag in a bag 'cause I don't fuckin' need it  
Put my swag in a bag and throw it in the river

Beat the pussy cold 'til the bitch start the shiver  
My homie Chubs served the weed but he do not deliver  
So slide through, drop your money off  
'Cause I'm hungry as fuck, I need some fuckin' IHOP  
I'm writin' lyrics while you at a flop ass party  
But it's cool, everything gon' be worthwhile  
I eat the pussy with a mothafuckin' smile  
Fuck that, get back, I make you bleed like red flags  
I ride that bitch like Six Flags  
Don't give a fuck and that's just a fact  
I'm barely fuckin' rhymin' on this track  
Well, if you listenin' and hatin', you are still a fan  
In my book, it's all good  
Little young Pouya but don't let me be misunderstood

Put my swag in a bag and throw it in the river  
Put my swag in a bag 'cause I don't fuckin' need it

Underrated, the bitches never date him  
All the motherfuckers in the school gotta hate him  
I'm a little bitch, I bet you ride the dick when I get rich  
If it hasn't happened yet, well, I'm still plannin' it

In a suit, what I'd be dressed in (Yuh)  
In a suit, what I'd be dressed in (Yuh)  
In a suit, what I'd be dressed in  
If the lil' homie on his hustle, God bless him  
In a suit, what I'd be dressed in (Yuh)  
In a suit, what I'd be dressed in (Yuh)  
In a suit, what I'd be dressed in  
If the lil' homie on his hustle, God bless him  
In a suit, what I'd be dressed in  
In a suit, what I'd be dressed in

Put my swag in a bag and throw it in the river  
Put my swag in a bag 'cause I don't fuckin' need it

Where's my suit, man?

All-black suit
