

We All Not Shit

Pouya

Ay, yuh

We all not shit, we all not shit
I own my shit, I'm on my shit
I'm on my own, I'm all alone
I feel no one, I stay at home
Don't leave my room, I feel consumed
My life is doomed
Where am I going with this?
Am I too grown for this?
Am I too young to die?
Too much a man to cry
Too much pride to lie
Someone tell me why
Why these hoes all on me now?
They used to never look my way
If the check bounce back tonight
Would you still wanna give me face?
Where am I going with this?
Am I too grown for this?
Am I too young to die?
Too much a man to cry
Too much pride to lie
Someone tell me why
Someone tell me why
Someone tell me why
Aye, yuh, yuh

I don't respect the hoes I fuck
Only know me from Get Buck
They still proceed to swallow nut
No questions asked, they pullin' up
Why do you fuck with the kid?
How do you know where I live?
Have you been stalking me lately?
Gotta keep my gun off the safety

We all not shit, we all not shit
I own my shit, I'm on my shit
I'm on my own, I'm all alone
I feel no one, I stay at home
Don't leave my room, I feel consumed
My life is doomed
Where am I going with this?
Am I too grown for this?
Am I too young to die?
Too much a man to cry
Too much pride to lie
Someone tell me why
Why these hoes all on me now?
They used to never look my way
If the check bounce back tonight
Would you still wanna give me face?
