Hey

There's something between us
Something unexplainable with words, yeah
We're alike, though it doesn't seem that way
We're alike, even in preferences and taste

It goes like (Hey, yay, yeah)
Feels like you see right through me, ah
(Hey, yay, yeah)
Like we're the only ones in this world (Hey)

You're my favorite one
Of all my favorite things
When we cross eyes
There's nothing more I need
My mind, oh, my mind
You are on my mind
From one to ten, completely
Baby, you're my favorite

(Ooh-ooh-ooh-ooh)
Each of our own colors
(Ooh-ooh-ooh-ooh)
They're different but a great mix
(Ooh-ooh-ooh-ooh)
I have no doubt about it
(Ooh-ooh-ooh-ooh)
Oh, yeah
Baby, you're my favorite

Hey

I love your delicate scent (Hey)
Even without any perfume
My favorite part (Hey)
Your smile turns your eyes into crescent moons

Hug me (Hey)
Only then I can relax
You're my favorite, ooh

When I'm with you, my heart is set on fire
I just don't know what to do
Just a single look at you lifts me up
I keep wishing to hug you (Hey)
