Ooh
Ooh

On this lonely night, I'm still missing you
When you're by my side, feels like a warm pool
Neo eomneun yojeumui nan
Eoduun bameul hemaeeo
I'm looking for you, wherever in the world
Wish you found me there, many things we wait for
Uri hamkke itdeon gose
Na tteonaji mothae, always, neol saenggak hae

Gateun noeureul bogo itgil
Geuge eodideun sanggwan eopseo
Gateun haneullo ieojigil
Oh, always I will be with you

Jeomjeom keojineun maeum
Neol hyanghan nae geurium
Geugeon kkumieosseulkka?
Gidarim mankeum gipeojin buran
Can it be, you leave again
Can it be, it might be just pain
Honja maneun sangsangeul hae

Geureon saenggakaji mallago
Neodo alji hangsang nan ne gyeote itdago
Neul bogo sipdago sarangeul handago nune
Boiji anado neowa hangsang hamkke itgil baranda neon

Naege yaksokaejwo idaero
Oh, always I will be with you

Gateun noeureul bogo itgil
Geuge eodideun sanggwan eopseo
Gateun haneullo ieojigil
Oh, always I will be with you
