

There I Go Again

Power Of Dreams

Don't let me down
Don't even try
Don't tell anyone there's another world for you
We're so young
We're so lost
We've got everything but I know what's wrong

There I go again don't know where or when

And so we try
Cause we die
Don't tell anyone there's another world for you
Please don't go
We're so lost
You've got everything but I know what's wrong

Don't ask where I am
Don't ask why I am
Don't ask how I am
Don't ask where I'm going to
