Power Of Dreams

Never thought I'd get to say
What I've always wanted to say
What if this was just a dream
At school they taught us how to live
The way that God would want us to give
All our money to the church

Shoot me down shoot me down
It's always more than just a dream

There will be more than this in another world

Shut me up if I should say
I'd rather die than have to pray
To a God force-fed from the womb

Shoot me down shoot me down
It's always more than what it seems

And everybody wants
And everybody needs
Something to fall back on

I wanna believe
I need to believe
But greed is all I seem to see

There will be more than this,
There will be more than this in another world
There will be more than this,
There will be more than this in the next world...
