

Almost Dead

Powerman 5000

No more gods, no more graves
Are you friend or fiend?
No more life, no more death
Somewhere in between

Aww...
Yeah...!

No more gods, no more graves
Are you friend or fiend?
No more life, no more death
Somewhere in between

Well, we're almost dead, almost dead
Almost dead to the world!
Almost dead, almost dead
Almost dead to the world!

Heaven can't save us; hell is a joke
No place left to go
What you see, you cannot believe
But when we rise, you'll know!

Well, we're almost dead, almost dead
Almost dead to the world!
Almost dead, almost dead
Almost dead to the world!

Well, we're almost dead, almost dead
Almost dead to the world!
Almost dead, almost dead
Almost dead to the world!

Well, we're almost dead, almost dead
Almost dead to the world!
Almost dead, almost dead
Almost dead to the world!

Well, we're almost dead!
