## Powers

(Georgie)

He was waiting for the one  
Never having fun  
Serious and overplayed  
A fool, kept falling from the start  
Pulled himself apart  
Never learned to play the game

Oh boy, you just wanted love  
That girl, she just ain't enough  
To beat a heart inside her fist  
Holy masochist  
Boy, you listen when I say

Georgie, Georgie  
Why you so lonely, lonely?  
She ain't the only one  
Who's gonna break your heart  
So put the past in the past  
'Cause you're gonna have a good time  
Georgie, Georgie  
You got your boys in the back  
And a pocket full of sunshine  
Georgie, Georgie  
So put the past in the past  
'Cause you're gonna have a good time

He was waiting for the one  
Never having fun  
Delirious and so blasé  
A fool, kept falling from the start  
Pulled himself apart  
Never learned to play the game

Oh boy, you just wanted love  
Some girls, they just ain't enough  
To keep your heart inside her fist  
Kamikaze bliss  
Boy, you listen when I say

Georgie, Georgie  
Why you so lonely, lonely?  
She ain't the only one  
Who's gonna break your heart  
So put the past in the past  
'Cause you're gonna have a good time  
Georgie, Georgie  
You got your boys in the back  
And a pocket full of sunshine  
Georgie, Georgie  
So put the past in the past  
'Cause you're gonna have a good time

Hey Georgie!  
Hey Georgie!  
Hey Georgie!

Hey Georgie!

Georgie, Georgie  
Why you so lonely, lonely?  
Why you so lonely, lonely?  
Why you so lonely, lonely?
