

# Heavy

Powers

All of your love  
I love your love  
All of your lovin'  
I surrender  
To all of the ways  
Those wicked ways  
The wicked way that we're together

And now I'm feeling like I've got a sickness  
Tongue-tied and white lie addicted  
I don't wanna stop for a minute  
No I'm never gonna give you up

It's heavy  
Heavy how I want you so bad  
Heavy when it hits me so fast  
Heavy and it's driving me mad  
That I'm never gonna give you up  
It's heavy  
Heavy when you turn off the lights  
Heavy how you hold me so tight  
Heavy is a feeling that I like  
And I'm never gonna give you up

It's down my bones  
Down to my bones  
Down in my bones is where I hide you  
But I cannot control  
Losing control  
I can't control it if I tried to

Because I'm feeling like I've got a sickness  
Tongue-tied and white lie addicted  
I don't wanna stop for a minute  
No I'm never gonna give you up

It's heavy  
Heavy how I want you so bad  
Heavy when it hits me so fast  
Heavy and it's driving me mad  
That I'm never gonna give you up

It's heavy  
Heavy how I want you so bad  
Heavy when it hits me so fast  
Heavy and it's driving me mad  
That I'm never gonna give you up  
It's heavy  
Heavy when you turn off the lights  
Heavy how you hold me so tight  
Heavy is a feeling that I like  
And I'm never gonna give you up
