

Legendary

Powers

I got a vision in these eyes of mine
A piece of heaven in the darker times
Doin' what I gotta do
Payin' all my dues
Never wishin' on a rosary
But a miracle would be so sweet
If it's gonna get me through
Doin' what I do

Paper, paper, paper, paper
On my mind
Paper, paper, paper, paper
On my mind

We're workin' 'til the sunrise every morning
Baby I got no time for romance
Keepin' on that good vibe cause we want it
Gonna make the whole world understand
You know, you know we ain't gonna stop, ain't gonna stop
Ain't gonna stop 'til we are legendary, no, no
You know we ain't gonna stop, ain't gonna stop
Ain't gonna stop 'til we are legendary, no, no

Makin' lemons into lemonade
Every seven out of seven days
Doin' what I gotta do
Payin' all my dues
Never livin' in a house of cards
Cause I'm buildin' mine with all I got
And I'm gonna make it through
Doin' what I do

Paper, paper, paper, paper
On my mind
Paper, paper, paper, paper
On my mind

We're workin' 'til the sunrise every morning
Baby I got no time for romance
Keepin' on that good vibe cause we want it
Gonna make the whole world understand
You know, you know we ain't gonna stop, ain't gonna stop
Ain't gonna stop 'til we are legendary, no, no
You know we ain't gonna stop, ain't gonna stop
Ain't gonna stop 'til we are legendary, no, no

I know, I know, I know it won't be long
'Til my time, my time is gonna come
I know, I know, I know it won't be long

We're workin' 'til the sunrise every morning
Baby I got no time for romance
Keepin' on that good vibe cause we want it
Gonna make the whole world understand
You know, you know
You know, you know, we ain't gonna stop, ain't gonna stop
Ain't gonna stop 'til we are legendary, no, no

You know we ain't gonna stop, ain't gonna stop
Ain't gonna stop 'til we are legendary, no, no
