

# Money

## Powers

I'm a slave to your color  
Magnetized to your taste  
We're designed for each other  
There's no other way

You give me rhyme to my reason  
Some peace of mind in my hands  
Coming in with the season  
Then you leave again

I need you, baby  
All that I need is you  
I need you, baby  
Oh, how you know it's true

I want you, baby  
Everyone wants some, too  
I need you, baby  
Nothing I wouldn't do  
For you

Money...

Such a fool for the numbers  
All the time that I spend  
Wanting more and I wonder  
If it ever ends

If nothing real lasts forever  
Then all the world and its gold  
Wouldn't make you feel better  
If your heart is broke

I need you baby  
All that I need is you  
I need you, baby  
Oh, how you know it's true

I want you, baby  
Everyone wants some, too  
I need you, baby  
Nothing I wouldn't do  
For you

Money...  
(Nothing I wouldn't do for) money  
Money...  
(Nothing I wouldn't do for)
