

# Sunshine

Powers

I was trying to escape into outerspace on a bottle rocket  
Looking for a happy place, little piece of grace  
Put it in my pocket, oh  
Yeah, I jumped and I flew till I fell where I am  
Tried to get away, but I slipped on my hands  
You should have seen my face standing at the gates  
No one to unlock it, oh yeah

Sunshine is gonna come now  
Rain down, all over you  
Good times are gonna come now, look 'round  
Baby it's true

Sunshine is gonna come now  
Rain down, all over you  
Good times are gonna come now, look 'round  
Baby it's true

Sunshine  
Sunshine

Throwing wishes at the street  
Following my feet  
Looking for a moment  
I was blowing with the breeze  
Swinging on trapeze  
Going through the motions, yeah  
Oh but time, ain't got time to be waiting around  
She too busy paying money and she ain't slowing down  
I'm still cutting all my teeth on a faded dream  
Watching it unfolding, yeah oh

Sunshine is gonna come now  
Rain down, all over you  
Good times are gonna come now, look 'round  
Baby it's true

Sunshine

Woah, my my  
Sun is gonna shine, gonna shine on through  
Woah, my my  
Woah, it's gonna shine, gonna shine on you

Woah, my my  
Sun is gonna shine, gonna shine on through  
Woah, my my  
Woah, it's gonna shine, gonna shine on you

Sunshine

Sunshine is gonna come now  
Rain down, all over you  
Good times are gonna come now, look 'round  
Baby its true, oh

Sunshine is gonna come now

Rain now, all over you  
Good times are gonna come now, all around  
Baby its true

Woah, my my  
Sun is gonna shine, gonna shine on through  
Woah, my my  
Woah it's gonna shine, gonna shine on you
