

Fifteen eighty nine, face the court of force divine  
Filed under torment and fire  
Terminate his fate on October 28th  
Sentenced a werewolf, a beast  
Deep in the night, when they hunted in hatred  
Circled the wolf in the wild  
And in pale lunar light, and the shape of a savage  
Guided by anger they're blind

1589 - Peter Stump was killed in twilight  
1589 - caught and filed sacrificed  
1589 - in the name of the high and mighty  
1589 - torture awaits tonight  
Fifteen eighty nine, said the murd'rer was lupine  
Women and children devoured  
Slayed on fullmoon nights, left but traces of the bites  
One handed phantom unleashed

Creep through the night, in his fever and madness  
Hunter and victim alike

1589 - Peter Stump was killed in twilight  
1589 - caught and filed sacrificed  
1589 - in the name of the high and mighty  
1589 - torture awaits tonight

Fifteen eighty nine, with all spectators stand in line  
Head off! Break up this beast!

Feast on his cries as the torture is calling  
Hear as the screams tear the night  
Burning flames of the pyre and the crowd they are roaring  
Stare as beheaded he lies

1589 - in the night of a thousand fires  
1589 - born a wild, died alike  
1589 - by the hand of the court and prior  
1589 - legend beyond your time
