

# Army of the Night

Powerwolf

Stand up for the Night and call the Fight  
Blend your Mind come right before the Light  
Here we come the Army of the Night  
Mater Maria

Life don't Sight, by Side and bound to break  
Sent to die and fight the Final Day  
Army of the Night we came to slay  
Mater Maria

Better you pray before the Night is falling  
Call on a Heavens and Amen  
Follow the Night as your Messiah calling  
Bring out the Sacrament Amen

Come on the other Side  
Into the Dark we Hide  
Never live for the Right  
Sacristalum!  
We are the Force alive  
Into the War we ride  
Hallelujah!

Stand up for the Night and call the Fight  
Blend your Mind come right before the Light  
Here we come the Army of the Night  
Mater Maria

Life don't Sight, by Side and bound to break  
Sent to die and fight the Final Day  
Army of the Night we came to slay  
Mater Maria

Enemies fallen with their Sermons spoken  
Taken my higher and Amen  
Call of the Mortals with their Bible broken  
Suffer the Testament Amen

Come on the other Side  
Into the Dark we Hide  
Never live for the Right  
Sacristalum!  
We are the Force alive  
Into the War we ride  
Hallelujah!

Stand up for the Night and call the Fight  
Blend your Mind come right before the Light  
Here we come the Army of the Night  
Mater Maria

Life don't Sight, by Side and bound to break  
Sent to die and fight the Final Day  
Army of the Night we came to slay  
Mater Maria

Stand up for the Night and call the Fight

Blend your Mind come right before the Light  
Here we come the Army of the Night  
Mater Maria

Sanctify the Night for all the Time  
Break the Cradle raise the holy one  
Army of the Night don't walk the Light
