

Faster Than the Flame

Powerwolf

Fists up in the air tonight
Leave the sane, unleash the wild
This is our time, this is our fate

Pyres will inflame the night
Restless is the world alight
This is our war, the last crusade

Incendere (Cendere)
Inflammatum (Flammatum)
Illuminatum
And we all rise against the damned

We are faster, in heaven, faster than the flame
Hold the pastor, together, pastor by the chain
And at night were going wild
When we set the world on fire
Rolling faster, faster, faster than the flame

Send us all to war tonight
Be prepared for sacrifice
This is our time, this is our raid

Embers left to those alive
Madness raised, we all ignite
This is our night, let fire reign

Incendere (Cendere)
Inflammatum (Flammatum)
Illuminatum
And we all rise against the damned

We are faster, in heaven, faster than the flame
Hold the pastor, together, pastor by the chain
And at night were going wild
When we set the world on fire
Rolling faster, faster, faster than the flame

Flame, flame, burning wild in heavens name
Flame, flame, from the lord we came
Flame, flame, armageddon we proclaim
Flame, flame, fire now shall reign

We are faster, in heaven, faster than the flame
Hold the pastor, together, pastor by the chain
When the fire lights the sky
And no sin we can deny, we all burn
Faster, faster, faster than the flame
