

No Prayer At Midnight

Powerwolf

Midnight mass
Painted glass
Strike the demons to the ground

Midnight mass
Stain the glass
From the spire hear the sound

Say your prayers any Sunday morning
Think of heaven and eternal life
By the dawn and when the night is falling
Fold your hands and pray

Any sermon, any resting moment
By the clock we pray the dark away
By the dusk and when desire calling
Prayers lead your way

No! (No!) Ten thousand prayers in exile
I said no! (No) graves cannot build our last empire

No! Prayer at midnight
No! Prayer can testify
I said no! Prayer at midnight
For the last of us alive
No! prayer at midnight
No! prayer can testify
I said no! Prayer at midnight
For the first of us survive

Never get to unattend the sermon
For the mass is what you can't betray
Any given day we praise the lord
It's all we must obey

Say the credo in your final hour
We remember all the rats who say
May your body rest in peace and prayer
Any night and day

No! (No!) Break out of sainted holy fire
I said no! (No!) Wait for the end on burning pyre

No! (No!) Prayer at midnight
No! (No!) Prayer can testify
I said no! (No!) Prayer at midnight
For the last of us alive
No! (No!) Prayer at midnight
No! (No!) Prayer can testify
I said no! (No!) Prayer at midnight
For the first of us survive

No! (No!) Prayer at midnight
No! (No!) Prayer can testify
I said no! (No!) Prayer at midnight
For the last of us alive
No! (No!) Prayer at midnight

No! (No!) Prayer can testify
I said no! (No!) Prayer at midnight
For the first of us survive
