

# Thunderpriest

Powerwolf

He was a knight, a lion, a serpent  
He was a traitor, a hunter, indeed  
He came to might, to fire infernal  
He prayed, Hallelujah

Baptize the child, the saint, and the sinner  
Forgive the murder, the slayer, deceased  
Confess no crime, all sins are forgiven  
Just pray, Hallelujah

He brought damnation, infection, and grief  
Devoured sisters of faith and belief  
A beast of man, a destroyer, a phantom, a thief

He was the thunderpriest, thunderpriest  
Nightmare in form of a plundering beast  
Thunderpriest, thunderpriest  
Sent from the heavens to kill

He was a wolf, a bastard, and outlaw  
He was a dragon, a danger, indeed  
He came by night to haunt his admirers  
No more Hallelujah

Without a right, with none but his sermon  
Forsaken all that he once had believed  
He justified his slaughter eternal  
Invert Hallelujah

He was a ghost, with the dark, he was bound  
A captivator, a striker, a hound  
A beast of a man, and at night he was burned to the ground

He was the thunderpriest, thunderpriest  
Nightmare in form of a plundering beast  
Thunderpriest, thunderpriest  
Sent from the heavens to kill

Run, this nightmare is undone, the fire has begun  
The legend of the thunderpriest  
Run, the sermon of the gun, The Father and The Son  
All sancted by the thunderpriest

Guided by the thunderpriest

Once banned and cursed, he was never released  
Thunderpriest, thunderpriest  
Banned from the heavens and killed
