

a castle by the sea

Powfu

I got used to your hands
Too fast to make a plan
Didn't think while jumping
This is my life and without you it's nothing
I'm not scared of death
But I won't lose you yet
I don't wanna see all these cities and oceans
Only see the world and its beauty when I'm with you

Uncertain, breathin' in toxins
Sun's gone, I don't feel nauseous
What about prayers we recite
If there's no heart, then it don't count

Wait for me, don't leave me here (Uncertain, breathin' in toxins)
I won't last another year (Sun's gone, I don't feel nauseous)
Walking into the world I see (What about prayers we recite)
Leavin' our bags, I'm all that you need (If there's no heart, then it don't count)
Na, na, na, na, na-na, na, na (Na, na, na)
Na, na, na (Na, na, na), na, na-na, na, na

Take it in (Take it in)
Saving up coins in a small suit tin
Finally broke free from the place I've been (Place I've been)
Soon we'll have a garden, a kitchen, a castle by the sea
A garden, a kitchen, a castle by the sea
Just like we dreamed of, we're finally there

You're hardworking and loving and kind and funny, um... um...
Poopy-head, butt-head, smart-face
I love you

Hold you up when water's rising
It's not luck, it's perfect timing
I've been blessed with shining brighter
We'll be safe in walls of fire
Fall in love in our new home
Vows are written, make it known
Nothing feels like how you treat me
Rather die than watch you leaving
Waking up to a brand new life
Three cute kids and a gorgeous wife

Wait for me, don't leave me here (Don't leave me here)
I won't last another year (Another year)
Walking into the world I see (To the world I see)
Living on packs, I'm all that you need (I'm all that you need)
Na, na, na, na, na-na, na, na (Na, na, na)
Na, na, na (Na, na, na), na, na-na, na, na

Take it in (Take it in)
Saving up coins in a small suit tin
Finally broke free from the place I've been (Place I've been)
Soon we'll have a garden, a kitchen, a castle by the sea
