Powfu

Broken dreams underneath my feet
Got no hope when I walk these streets
Wear my toque so my face don't freeze
Got no soul
But that's just me
Broken dreams underneath my feet
Got no hope when I walk these streets
Wear my toque so my face don't freeze
Got no soul
But that's just me
Yeah that's just me
Yeah that's just me
Yeah that's just me
That's just me

Bad habits floating in my head space
I can't grab it all I got is dead weight
All darkness throughout my room
I'm drowning and can't find you
I'm screaming my chest still hurts
I'm nothing to what you're worth

Broken dreams underneath my feet
Got no hope when I walk these streets
Wear my toque so my face don't freeze
Got no soul
But that's just me
Broken dreams underneath my feet
Got no hope when I walk these streets
Wear my toque so my face don't freeze
Got no soul
But that's just me
Yeah that's just me
Yeah that's just me
Yeah that's just me
That's just me
