

Take me  
Take me far away to the place we used to dream and say:  
"We'll make a home for us here"  
Hey  
No, no, no

Hey, didn't think I'd make it back in time, but it's halftime now and  
Hit my first three, I can hear the crowd shouting  
All that I be thinking, "Hope you seeing this shit", uh  
Brush it off, trying not to look where you sittin'  
After the game, pink skies, realizations  
You the match in heaven I've been waiting for, uh  
Parents been friends since like we were grade four, uh  
I don't play the same if you ain't at the court, uh

Take me  
Take me far away to the place we used to dream and say

Finally we in our final year, we both seniors  
If I go to uni', I'ma need a cheerleader  
Looks like I'ma get a ticket to Chicago  
Darling, tell me if I leave you gon' follow  
I know we ain't married, but I know that we will be  
If your parents knew what I was thinking, they would kill me  
Girl, I'll be at home if your plans get canceled  
Little did you know I set up roses and candles  
Please just promise me first  
We can leave here together, enter a new universe  
We can share all our memories with all the couples we meet  
I'll get you an apartment with whatever animal you please

Take me  
Take me far away to the place we used to dream and say:  
"We'll make a home for us here"  
Mm, make a home for us here  
Make a home for us here

You know I'm out of breath, but I'm running still  
With every shot that hits, you who I look to still  
Don't let your eyes off of me, girl  
Don't let your eyes off of me, yeah (Eyes off of me)  
Now we down by two and got two minutes left  
They tryna run the clock, we on a full-court press  
Don't let your eyes off of me, girl (Eyes off of me)  
Don't let your eyes off of me, yeah (Eyes off of me)
