

# I Can't Sleep

Powfu

Hey what's the matter honey?

I don't sleep cause when I do  
All my dreams are dreams of you  
And in yours you say your teeth are falling out  
Oh I don't sleep cause when I do  
All I dream are dreams of you  
And in yours you say your teeth are falling out

Oh yeah

Yes, I threw away my phone in case you'd ever call  
I never leave my house in case I meet you at the mall  
I never talk to my friends that you're friends with  
Because I know they're gonna ask why we ended  
Anything to do with you I keep it on the low  
Used to wish that you would stay now I'm wishin' you would go  
So I came up with a remedy I promise I would keep  
In order to ignore you I'll just never fall asleep

I don't sleep cause when I do (when I do)  
All I dream are dreams of you (they all of you)  
And in yours you say your teeth are falling out, oh (yeah yeah)  
I don't sleep cause when I do  
All I dream are dreams of you  
And in yours you say your teeth are falling out, oh yeah

I haven't slept in like a year, me fear keeps me awake  
Cause if I doze off I might see you face to face  
I just turn on my TV and sit straight up on to my couch  
Cause when I doze off I hear the words from your mouth  
Used to wake up uncontrollably crying like every time  
Getting shivers, feeling sick, whenever you would cross my mind  
So I came up with a remedy I promise I would keep  
In order to ignore you I just never fall asleep

I don't sleep cause when I do  
All I dream are dreams of you  
And in yours you say your teeth are falling out  
Oh I don't sleep cause when I do  
All I dream are dreams of you  
And in yours you say your teeth are falling out, oh
