

# ill come back to you

Powfu

If you wait for me  
Then, I'll come back to you  
On my own  
On my own (Yeah)  
And I say (Aye)

Back in 2012  
School bells would send us out at lunch  
Talk under the tree about our favourite shows and stupid ones  
Parents sat me down one night  
Told me that we couldn't stay  
Went to bed thinking about you  
Woke up on a plane, aye  
Wish I never left  
'Cause you took away my breath  
You can say that we were young  
But, me and you were meant  
For eternity, no surgery  
Could take you off my heart  
Just hang onto my words and we'll make it through this part, yeah

If you wait for me  
Then, I'll come back to you  
On my own  
On my own (Aye)  
And I say

I've been waiting for this day to come  
It's finally getting closer  
On our way to graduate  
And then I'll be heading over  
You my treasure, I'm your soldier  
Stay up till the night is over  
We talking on the phone  
But want your head between my shoulders  
Saving up for a ticket on the side  
Been a minute of our time  
When I see you, I might cry  
No lie, that's on my gravestone  
Promise me you'll stay close  
Days without you, yeah, I hate those  
Aye

If you wait for me  
Then, I'll come back to you  
On my own  
On my own  
And I say

If you wait for me  
Then, I'll come back to you  
On my own  
On my own  
And I say

Plane ride to your city  
Took an Uber to your house, yeah (To your house)

Had to keep it secret from you  
Did it unannounced  
Doorbell, parents saw me  
Sat me down on the couch  
Talked to them about my life  
They told me they were truly proud  
Two knocks, door open  
You were standing there with him  
So shocked, I don't get it  
Can we run it back again?  
Room spinning, palms sweaty  
But I'm sober  
"I've been in love with you forever"  
Is what I wish I would have told her

(If you wait for me)  
(Then, I'll come back to you)
