

i'm not your friend

Powfu

I was in my room when you called me
Didn't answer it cause you annoy me
I was in the hall when you saw me
I looked away
And kept walking
I told you once
I'll tell u again
I'll be your boy
But not your friend
I told you once
I'll tell you again
I'll be your boy
But not your friend
I'm not your friend
I'm not your friend
I'm not your friend

Pathetic me is a waste of time
Always get blamed even when it's not mine
Everyone says I'm a big fat mess
Say one word someone ends upset
That's who I am
Dumb decisions might break my neck
Don't give a shit
If you knew me
You'd know I'm a wreck
Pathetic me is a waste of
