

## not a king

Powfu

I'll ring the bell and I'll slay the beast  
And I'll save the town for you  
I'll sweep the hall and I'll host a feast  
And ask you to dance with me  
Not a king, but I'll bring anything you'd imagine  
No, I'm not who they choose, but I can't watch it happen  
Oh-oh  
Oh-oh

The sun is gone, I'm on my knees  
I'm praying, God, to let them see  
Find the wolf and hide the sheep  
They cast me out, you're in the keep

I'll ring the bell and I'll slay the beast  
And I'll save the town for you  
I'll sweep the hall and I'll host a feast  
And ask you to dance with me  
Not a king, but I'll bring anything you'd imagine  
No, I'm not who they choose, but I can't watch it happen  
Oh-oh  
Oh-oh
